	<p>POLICY CODE: GBD</p>

The Tucson Unified School District believes in fair and equitable application of Board policies and administrative regulations. The District also believes in keeping channels of communication open between the Governing Board and administration, the administration and staff, and the Board and staff.

To facilitate the attainment of these two objectives, it shall be the policy of the Governing Board to provide channels of communication for the purpose of discussing matters of mutual concern relating to the operation of the District's schools with certificated, classified and administrative employees.

Matters covered under the terms of negotiated agreements are excluded from these discussions, since matters of contract interpretation are properly resolved via the grievance procedures identified in those agreements.
