Introduction

The *Waterford Early Reading Program* is a comprehensive early intervention curriculum. With three levels for emergent, beginning, and fluent readers, it is designed to overcome obstacles to literacy development early so that all children can learn to read. Each level includes four essential components:

- ◆ **Yearlong on-line curriculum.** A full year of daily research-based instruction.
- ◆ **Teacher Guides.** Off-line resources include a comprehensive Language Arts curriculum. This can be supplemented with the addition of special guides designed to meet the needs of Special Education, English Language Learners, and Gifted students.
- ◆ **Student materials.** Personal libraries of books and learning materials for each child.
- ◆ **Teacher training.** Ongoing support for teachers in using each Waterford component to create a balanced curriculum.

Correlation Keys

This document correlates all three levels of the Waterford program with the Arizona Reading Standards for kindergarten through grade two. The correlation chart uses two columns:

- ◆ **Match Column:** A star (★) in this column indicates a positive correlation between the Waterford program and the performance objective.
- ◆ **Key Activities Column:** This column identifies key activities from the Waterford on- and off-line curriculum that support each performance objective. “Guide” refers to folders or books in the off-line Waterford Teacher Guide.

Italics in the Reading Standard column denotes a repetition of a performance objective (learned in an earlier grade) that is to be applied to more complex reading selections.
